How to Order Player Posters —> the ZCS Player Image Guarantee System

Would you like to ensure that our professional sports photographers capture action photos of your player? *Placing an order for a player poster is the way to secure this service. Player posters are a perfect memento or gift from the State Championships and there is a range of designs to choose from which can be seen on the player poster order form, which you can download here —> www.zencreativestudios.com/forms*

Ordering is a very simple 2 step process

1. Fill out the Player Poster Order Form (available at www.zencreativestudios.com/forms) and email it to zencreativestudios@gmail.com **a minimum of two weeks before the championships**. We will then email you a PAYPAL invoice for a 50% deposit for your poster order. To secure your poster order, please pay the deposit amount by the due date on the deposit invoice, which will be **1 week prior to the beginning of the championships** for your competitors age group. Completing the deposit payment ensures your player is added to our photographers list at the championships. *Your deposit is refundable only in the event that we fail to photograph your player.*

2. After the championships we will design a poster for you and forward a proof to you via email. At the same time we will also forward a second PAYPAL invoice for the remaining 50% of the poster order. Once payment has been completed in full and upon completion of the proofing process with you, we will send your poster for printing at our ProLAB and delivery to you via courier.

Please note:-

- A Player Poster Order is an **order for a service**; not an expression of interest.
- In order to give our photographers the best chance to photograph your player, please ensure that you complete Step 1 of the Player Poster Order process exactly as described above and pay your deposit by the due date on the deposit invoice. Late orders may not be accepted (depending on available resources) and failing to pay the deposit invoice by the due date may mean that your player is not added to our photographers shooting lists for the championships.
