

2020-21 Association Uniform Colours

All teams must have an alternate set of playing singlets and the two colours must be distinctly light and dark.

In the event of two teams having the same or a similar coloured primary uniform:

- home team is to wear their primary uniform
- away team is to wear their alternate uniform

The table below lists the association colours and what BQ has deemed a clash of primary colours.

If an away team arrives to a game with an incorrect (ie. clashing) uniform, the host association where possible will lend that team a non-clashing uniform. The away team **MUST** wear this uniform.

The hosting association is to report to BQ any team that arrives to play in an incorrect uniform. BQ will impose a fine of \$50 to the offending association, with this entire sum to then be passed on to the host association.
